New Source Review newspaper advertisements for construction permit applications, July 30, 2019. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be published on one of the following date: July 30-31, 2019. Public notices are generally published every week. The previous publication of public notices was July 24, 2019.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 22nd Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

HEADER

The applicant is <u>Vulcan Construction Materials</u>, <u>LLC dba 109 Quarry</u> with a mailing address of <u>642 Theta Pike</u>, <u>Columbia</u>, <u>TN 38041</u>. They seek to obtain an air contaminant permit (Division identification number: <u>95-0222-11/977082</u>) for construction of a <u>portable rock crushing and sizing operation</u> located at <u>379 Leeville Road</u>, <u>Lebanon</u>, <u>TN</u>, <u>37090</u>. This proposed construction would consist of a vibrating feeder, two (2) crushers, a triple deck screen and eight (8) conveyors used to crush and size rock onsite. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. H. Flores is the assigned Division person.

For the Wilson County "The Lebanon Democrat"--publish once on Wednesday, July 31, 2019.

HEADER

The applicant is <u>Genergy LLC dba G-Energy McDonald RNG Plant</u> with a mailing address of <u>650 25th Street N.W.</u>, <u>Suite 401, Cleveland, TN 37311</u>. They seek to obtain an air contaminant permit (Division identification number: <u>06-0371-01 / 76954</u>) for construction of a <u>Landfill Gas Treatment Plant</u> located at <u>282 Nature Way S.W.</u>, <u>McDonald, TN 37353</u>. This proposed operation would consist of a landfill gas treatment process and associated equipment used to convert landfill gas to pipeline quality natural gas. A thermal oxidizer would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.

For the Bradley County "Cleveland Daily Banner"--publish once on Tuesday, July 30, 2019.

HEADER

The applicant is <u>Farrar Funeral Homes Corporation</u> with a mailing address of <u>411 West Broadway Blvd.</u>, <u>Jefferson City, TN 37760</u>. They seek to obtain an air contaminant permit (Division identification number <u>45-0194-01/977041</u>) for construction of a Human Crematory Operation located at <u>the same address</u>. This proposed operation would consist of a crematory and associated equipment used to incinerate human remains. Natural gas would be used for fuel. A secondary chamber with an afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Dolzen is the assigned Division person.

For the Jefferson County "The Standard-Banner" -- publish once on Tuesday, July 30, 2019

HEADER

The applicant is Nokian Tyres U.S. Operations LLC with a mailing address of 150 Greenway Boulevard, Dayton, TN 37321. They seek to obtain an air contaminant permit (Division identification number: 72-0163 / 77122) for the modification of a tire manufacturing operation at Hurst Avenue, Dayton, TN. The proposed modification consists of an increase in the throughput rates for points in Railcar and Trailer Unloading, Storage and Handling, and addition of processes to existing sources. This existing operation consists of rail unloading, material storage, mixers, mills, calendars, extruders, curing presses, and associated equipment and processes used to manufacture tires. Baghouses and scrubbers will be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by these sources. Chelsea Meadows is the assigned Division person.

For the Rhea County "The Herald-News"--publish once on Wednesday, July 31, 2019

HEADER

The applicant is <u>Proton Power, Inc.</u> with a mailing address of <u>487 Sam Rayburn Parkway, Lenoir City, TN 37771</u>. They seek to obtain an air contaminant permit for modification of a metal welding and fabrication shop and construction of a graphene manufacturing operation at 210 Sam Rayburn Parkway, Lenoir City, TN, as follows:

- (1) <u>Graphene Process Unit</u> (Division identification number: <u>73-1117-06/976944</u>). This proposed operation will consist of an electrically heated high temperature unit. A thermal oxidation unit will be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source.
- (2) <u>Biochar Grinder</u> (Division identification number: <u>73-1117-07/976944</u>). This proposed operation would consist of a grinder. A dust collector will be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source.

Chelsea Meadows is the assigned Division person.

For the Roane County "Roane County News"-- publish once on Wednesday, July 31, 2019.
